

Customised Growing Media

Product Overview

Grange Growing Solutions Customised Growing Media is a specifically designed growing media fit for purpose. It has a balanced nutritional supplement and is designed to be used in a commercial growing environment.

Product Benefits

- Obtain optimum air-filled porosity allowing the roots air to grow.
- Excellent water holding capacity, so the plant does not stress in extreme conditions.
- Accredited manufacturing process and laboratory tested to ensure optimum pH levels and electrical conductivity levels.
- Used and recommended by professional horticulturalists.

Manufacturing Process

Manufactured by Grange Growing Solutions, the largest growing media supplier to professional growers in N.S.W. Grange Growing Solutions has three quality assurance certifications attached to their sterile operating facilities, and is a proud supporter of the nursery and garden industry.

Our quality plan and in house laboratory ensures consistency in all Grange Garden Health products.
